

Home Blood Pressure Monitoring

You have been asked to take and record your blood pressure over a 7 day period. If you have been loaned a machine and you do not return it, you may be invoiced £30 for the cost of a replacement.

You will need to complete the form below with each date and blood pressure readings for the full 7 days. Please ensure that this is nice and clear.

You will need to take 2 readings in the morning and 2 in the evening i.e. 2 readings at 8am and 2 readings at 8pm. Please leave 1 minute between each reading.

Ensure you are seated when taking readings and do not cross your legs.

Please tick if you are using your own machine
